EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Robert McKellar on 9/14/2004.

The application has been amended as follows:

Claims 1-3, 5-41 and 67-76 are cancelled.

Terminal Disclaimer

2. The terminal disclaimer filed on 7/22/2004 disclaiming the terminal portion of any patent granted on this application which would extend beyond the expiration date of U.S. Patent No. 6,608,117 has been reviewed and is accepted. The terminal disclaimer has been recorded.

REASONS FOR ALLOWANCE

3. The following is an examiner's statement of reasons for allowance:

Applicant's Terminal Disclaimer has overcome the prior double patenting rejection over U.S. Patent No. 6,608,117. Additionally, in view of Applicant's argument that the specification has provided a good basis for the phrases recited in the claims (Remarks page 2, bottom paragraph), the Examiner withdraws the rejections under 35

Art Unit: 1771

USC 112, second paragraph. Finally, Applicant's argument "the prior art teaches only the reinforcement of bulk polyvinyl hydrogels, not cellular polyvinyl alcohol hydrogels" (Remarks filed 1/7/2004, page 3, first paragraph) has been fully considered, and is persuasive, as such the Examiner now agrees that the instant invention is nonobvious over admitted prior art.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
